

# HARRISON COUNTY CAREER TECH

October 2022

## Parent Open House

A special thanks to those parents and students who joined us for Career Tech's Parent Open House last month.

## GenSea Tour

Career Tech Engineering students participated in the GenSeaTour. Students started at the Marine Research Center in Ocean Springs where they learned about the restoration efforts for aquatic life in the Gulf of Mexico after Hurricane Katrina and the BP oil spill. From there, students went to the USM Ocean Engineering Center where they learned how to create nautical maps using unmanned robotics.

## Thank you

A huge thank you to Merit Health-Biloxi for their donation of CPR \*manikins to our Health Science classes.

\*manikin-a model of the human body commonly in detachable pieces for exhibiting the parts and organs, their position, and relations

# Building Connections

DHS Health Science and Educator Prep students participated in the D'Iberville Middle School Health Fair. The students researched and demonstrated various topics that were presented to DMS students.

## Special Thanks

Harrison County school board member, Rena Wiggins, spoke to Year 1 Educator Prep students about the responsibilities of the school board and its role in helping create a successful school district.

## DECA Fall Leadership

Harrison Central, West Harrison, and D'Iberville DECA members attended the 2022 MS DECA Fall Leadership Conference. Students experienced an awesome motivational speaker, networked with like-minded business, marketing, and finance students from around the state, and participated in DECA role-play presentations.

## Ahoy Matie

Ed Prep 2 learned how to "Teach Like a Pirate" by incorporating HOOKS into lesson plans to increase student engagement.

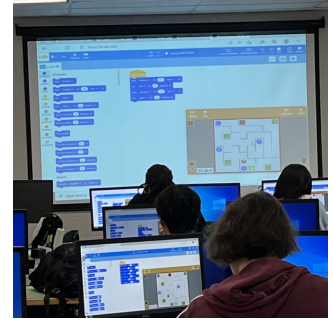

## Built FORD Tough

Sixteen Auto Tech and Machine Shop students attended the Ford Tech Drive Day at Delgado Community College in New Orleans on Oct 19. After touring the campus, students met service managers from area Ford dealerships, learned about employment and training opportunities through Ford's ASSET program, experienced the latest models of the Ford/Lincoln line, and learned about the newest technologies in the industry.

# Engineering on the Move

Jackson County FabLab joined Engineering students and introduced students to coding, programmed VEX robotics using VEXcode, programmed rovers, Spheros, and Cosmos to maneuver an obstacle course, and programmed VR Glasses and drones.

## Health Science "pinked" out for breast cancer awareness month.

## Ask Your Career Tech Counselor:

**Q:** I have a friend who is the target of bullying. How can I help my friend overcome bullies?

**A:** Bullying is about power. Don't give them your power. Try this instead.

- Keep calm. Bullies are looking for an emotional response.
- Say "Stop." Let them know their words and behaviors are not welcome.
- Walk away. It takes more self-control to walk away than to give in to harassment.
- Get support. Teachers, administrators and counselors are trained and willing to deal with bullies.

The Harrison County School District does not discriminate based on race, age, color, sex, national origin, physical/mental disability or religion.

The following office has been designated to handle inquiries and complaints regarding the non-discrimination policies of the above mentioned entities.

Mr. Mitchell King, Superintendent and Title IX Coordinator  
Dr. Dawn Hearn, Section 504 Coordinator  
Harrison County School District | 11072 Hwy 49 | Gulfport, MS 39503 (228) 539-6500
